NAVSEALOGCENDET Portsmouth is dedicated to providing and maintaining past performance quality and delivery information through the use of our PDREP WEB based applications. The PDREP WEB application includes input screens for Contract Awards, Inspection Records, Web PQDR, SDR, and various other records used in PDREP. Also included are user reports on system collected data. Level I/SubSafe is used for verifying Level I material markings prior to shipyard installation. The Supplier Audit Program is process audit results conducted at contractor facilities by both government activities and prime contractors participating. Red/Yellow/Green (RYG) is an application that generates contractors classifications based on their past quality and delivery performances for material and services provided to the Government. Feedback is an application for end-users to submit requests for enhancing and/or modifying any of the PDREP applications. [Request Access now.](#)

[NAVICP Defective Materials Summary \(DMS\)](#)

 is an automated information system designed to track quality and delivery performance on material/services procured by the Navy. Data is collected from all Naval Systems Commands on a daily basis and is maintained in the following records on the database: Contractor CAGE Information, Debarment/Suspension, Contract Delivery Data, DLA Contractor Alert List, GIDEP Alerts, Material Inspection Records, Product Quality Deficiency Reports, Qualified Product List, Special Quality Data, Surveys, and Test Reports. The application offers a wide selection of standard, management, and graphical reports. Also, a powerful Ad-Hoc feature allows users to design their own reports.

Dear QA MANAGER,

The enclosed deficiency report cites the receipt of unsatisfactory material supplied by your company. DCMA requests that an investigation be conducted and written response be furnished to address the following:

- Root cause of deficiency and why the deficiency was not detected.
- Corrective action to preclude recurrence.
- Your position regarding repair/replacement.
- Identification of other product which may be defective.

Sincerely,
QAR.SUPPORTPOINT
